

RP4AN 20mm RPZ Backflow Compact Complete Assembly

PRODUCT CODE: RP4AN-20-COMBO

KEY FEATURES

RP4AN RPZ Backflow Compact Complete Assembly. Includes Backflow valve, valve train, SS risers, insulated & lockable enclosure. This allows for a easy plug & play - just add concrete bags solution. 20 or 25mm RPZ valve body sizes.

- 2 x SS riser pipes terminating with a Male BSP thread below the ground (approx 250mm below ground level)
- DZR Lead-free brass isolation, strainer, and unions.
- Plastic impact-resistant enclosure, internally insulated, suitable for frost zones.
- Enclosure can be simply secured with 2 x bolts or paddlocks.
- Enclosure relief flaps allow water to disperse in the event of valve discharge.
